

FEDC Squarespace Technical Setup Plan

Site Structure

Main Pages (Top-Level Navigation):

1. **Home:** Overview of FEDC's mission, latest updates, key visuals, and quick navigation to priority content.
2. **About Us:** Leadership, Organization history, team bios, and mission statement.
3. **Programs/Services:** Overview of FEDC's projects or offerings with subpages for each service.
4. **Life in Framingham:** Quality of living, culture, safety, and local amenities.
5. **News & Events** – Blog-style layout for announcements, press releases, and community updates & events.
6. **Business Resources:** Information on local incentives, business support, and partnerships.
7. **Board of Advisors:** Headshot images and brief 150 character intros for business partners
8. **Get Involved / Contact** – Contact form, location info, volunteer or partnership opportunities, and social media links.

Footer Navigation:

- Privacy Policy
- Terms of Service
- Social Media Icons (LinkedIn, Facebook, Instagram, X)

Navigation Flow

Top Navigation Example (Header):

Home | About | Sectors | Business Resources | Community | News | Contact

Footer Navigation:

Privacy Policy | Accessibility | Careers (future) | FEDC © [Year]

User Flow:

- Visitors start on **Home**, then can branch to **Sectors** or **Community** depending on interest.
- All calls-to-action (CTAs) funnel to **Contact** or **Get Involved** forms.
- Homepage features quick-scroll sections linking to “Business Resources,” “News,” and “Contact.”

- Global header navigation with dropdown menus for clear accessibility.
- Sticky navigation bar for easy movement between pages.
- Footer with contact info, newsletter signup, and social links.

Media & Visual Integration

- Use **high-quality hero images** of Framingham landmarks, businesses, and community spaces.
- Incorporate **video headers or slideshows** on Home and Community pages (Squarespace Video Background block).
- Use hero banners, embedded media to highlight local news & stories.
- Add an **interactive map embed**; (maybe Google Maps or Mapbox) on “Sectors” or “Contact” page.
- Compress images using Squarespace’s built-in optimizer tools for fast load times.

SEO & Analytics Setup

Steps:

1. **Configure basic SEO tools in Squarespace** - Set up page titles, meta descriptions, and alt text for accessibility and search visibility.
2. Use **clean URLs** and descriptive page names.
3. **Optimize image alt text and internal links** - Improve accessibility and help search engines understand content structure.
4. Set up **social sharing metadata (Open Graph tags)** for preferred social media.
5. **Enable SSL and mobile optimization** – (Squarespace provides both by default)
6. Connect **Google Search Console** and **Google Analytics** to track traffic and site performance.
7. Enable **Squarespace Insights**.
8. **Create placeholders for keyword integration** – Reserve sections for future SEO targeting once FEDC finalizes its keyword strategy.
